About this role

Our Client Network Operations Center (CNOC) is one of the cornerstones of our operation. The primary function of the Boss of All Things: CNOC is to provide leadership of our Client Network Operation Center resources ensuring that all networking systems are running efficiently with minimum interruption. The ideal candidate will have solid management skills and a track record for leading small teams in a highly technical, process-driven networking environment. This role requires a high level of understanding of technically complex systems and processes and a willingness to identify and adopt innovation.

You will be expected to work remotely, attend our office as appropriate and visit client sites when requested.

Responsibilities and duties

As Boss of all Things: CNOC you will be expected to autonomously manage all things CNOC related:

- Managing our 24x7 Client Network Operations Center.
- Manage incident resolution activities.
- Liaising directly with clients providing service performance statistics and insights.
- Be responsible for maintaining and constantly improving our Client NOC systems and processes.
- Managing the motivation and welfare of your CNOC staff.
- Provide support to our sales resources in the acquisition and maintenance of our clients.
- Directly reporting to our Technical Chief.
- Providing input to the Board and Board reports.
- Maintaining an excellent awareness of the target market, industry innovations and the supplier landscape.

Qualifications and skills

Interpersonal and communication skills are vital in this role. You will need to communicate with clients and partners, sometimes in stressful situations but always in a professional and courteous manner. You will need to be able to positively motivate your staff at all times and be prepared to ask them to go above and beyond the call of duty when required.

We operate in a rapidly evolving technical space and as such you will be expected to maintain your own awareness of commercial market drivers, technical innovation and the evolving supplier landscape.

Salary and benefits

Basic salary: £50,000 per annum.
Enterprise Management Incentive (EMI) share scheme.

Our culture

Herrick is new but collectively we've got many years experience, that's why we know teamwork is essential to our success. Teamwork encourages personal growth, increases job satisfaction, and reduces stress. Happy people make happy clients make commercial success. That's why it's so important for us to find the right people.

What to do now

If you've gotten this far and you're still interested then why not drop us an email to careers@herricknetworks.com with your resume and a brief note on your view of this role and how you could fit in. We are looking forward to hearing from you.
